The verb 'manage' comes from the Italian “maneggiare”- to handle, especially tools, which is derived from the Latin word “manus” - hand. The French word “mesnagement” influenced the development in meaning of the English word *management* in the 17th and 18th centuries. Management defined as the organization and coordination of the activities of an enterprise in accordance with certain policies and in achievement of clearly defined objectives. Management is very important in every field. As the Management education is creating new horizons, we at LIET imparting the students with new and innovative methods of teaching.
