Location: Chennai, India(WFH)

Software Engineer (Entry Level) - Batch of 2023-2024

Join our Software Development team as an Entry Level Software Engineer, contributing to innovative projects under the guidance of a Senior Software Engineer at Zynofus Technologies Private Limited.

Zynofus Technologies Private Limited is looking for talented and motivated Software Engineers to join our team through campus drive 2024. The ideal candidate will have a strong foundation in computer science and be passionate about software development. The role will involve working on a variety of projects, from small internal tools to large enterprise applications.

Responsibilities:

- Design, develop, and test software applications
- Work with a team of engineers to deliver high-quality software
- Troubleshoot and debug software issues
- Stay up-to-date on the latest trends in software development

Qualifications and Requirements:

- **Educational Qualification:** Bachelor's degree in Computer Science, Software Engineering, or a related field. (Students from the batch of 2024-2025)
- **Programming Skills:** Proficiency in one or more programming languages such as Java, Python, C++, or JavaScript.
- **Problem-Solving Abilities:** Strong analytical and problem-solving skills with a passion for overcoming challenges.
- **Technical Knowledge:** Basic understanding of software development concepts, algorithms, data structures, and databases.
- **Communication Skills:** Effective verbal and written communication skills, enabling seamless collaboration within the team.

- **Team Player:** Ability to work in a team-oriented, collaborative environment and contribute to team success.
- **Adaptability:** Willingness to adapt to new technologies and work on diverse projects.

Compensation and Benefits:

Annual Package: Rs. 3.5 lakhs per annum

- Competitive salary and benefits package
- Opportunity to work on cutting-edge projects
- Collaborative and supportive work environment
- Opportunities for professional development

Working Conditions	Details
Work hours	The typical work hours for Software Engineers at Zynofus Technologies Private Limited are 9:00 AM to 6:00 PM, Monday through Friday. However, there may be some flexibility in the hours, depending on the project.
Work environment	The work environment at Zynofus Technologies Private Limited is completely work from home . Engineers are encouraged to work together to solve problems and share ideas, but they can do so from the comfort of their own homes. The company provides all of the necessary equipment and software for remote work, and there are regular online meetings and calls to keep everyone connected.

Application Process:

Interested candidates from the batch of 2024-2025 are encouraged to apply through the Registration Link Below: <https://forms.gle/7LDbUgRk48uvyXAd8>

At Zynofus Technologies, we value diversity and provide equal employment opportunities. We are committed to nurturing talent and offering a supportive work environment that empowers our employees to excel in their careers.

If you are enthusiastic about leveraging your skills to create impactful technology solutions, we look forward to receiving your application.
